Chip / Eric / Kristine / Jim -

Sorry for the confusion. Yes, the Trustees would like to talk with EPA and ODEQ regarding big picture issues related to cleanup and restoration at the PH site. The Trustees are not ready to engage in a detailed technical discussion; but we want to provide some highlights on our thinking sooner rather than later. Mary Baker will send out a preliminary outline on the discussion topics.

Hope this helps.

Meeting Details:

Date - April 3rd

Time - 1pm to 3pm

Location - Billy's office

~rose

Sheila Fleming wrote:

Yes, we're on for 1 pm on April 3. I believe the focus of the meeting will be initial discussions about how our restoration planning ties in to the response work and how to go about coordinating response and restoration activities in the future. I am not sure if the Trustees were going to send around an agenda. I am cc'ing Rose and Mary to find out.
Sheila

I had to leave early yesterday, but I think we're a go for 4/3 to at least tee up some issues. Sheila - was that the conclusion at the end of the day?

Billy,
I'm available, but we discussed this with Sheila F earlier this week & I understood there was some question as to whether the NRTs were ready to meet 4/3. I was waiting for Sheila to talk to you all & then get back to me & EPA either confirming or postponing the mtg.
Jim

Jim - are you planning to attend April 3 in the afternoon? I understand you were invited, but don't recall if we heard back from you.
